

House Hunting Tips

A practical checklist for staying organized and ready during your home search.

Investigate the Area

Drive around neighborhoods that interest you to get a feel for the area, how homes are cared for, and what traffic is like.

Take Pictures and Notes

When you visit multiple homes, details can blur together. Take photos and notes during tours so you can compare properties later.

Ask Around

Talk to family, friends, and coworkers. Someone may know about a house for sale, or a homeowner thinking about selling soon.

Keep an Open Mind

Finding your dream home is not always easy. Keep a priorities list, but stay open when viewing houses.

Be Ready to Make an Offer

When you find the right home, others may be interested too. Be ready to make a solid offer quickly.
